Organizers and Sponsors of the conference International Scientific Days 2016 *The Agri-Food Value Chain: Challenges for natural resources Management and Society*, 19-20 May, 2016, Nitra, the Slovak Republic

Many thanks to all international partners which have contributed to this event.
Foreword

Dear colleagues and friends,

At this very moment you are opening the book of abstracts from the international scientific conference International Scientific Days 2016 organized under the theme: "The Agri-Food Value Chain: Challenges for Natural Resources Management and Society" by the Faculty of Economics and Management of the Slovak University of Agriculture in Nitra, Slovak Republic. This conference with 274 participants from 23 countries is very good starting point for presenting new ideas or critical statements, sharing information and for establishing cooperation. International Scientific Days 2016 provides a venue for policy makers, top managers, academics and researchers that deal with economic and management issues related to specific issues within the agri-food chains and natural resources management.

Broad changes are taking place in food and agricultural sector worldwide. In connection to the new EU countries the accession led to the number of changes with significant impact on performance and role of this sector. The global financial crisis and the accompanying slowdown of the economy reversed to the increased commodity prices which strongly impacted the food security and poverty of net food consumers. While the farmers could benefit from the higher commodity prices, at the same time, a reduction in real term wages, decreased employment which have negatively affected the income of households in the region and increased poverty. Diversification of activities on the income generation activities in the market economy conditions is the key factor for the economic survival of farms. The important challenge is also to achieve balanced and sustainable growth of rural economies.

International Scientific Days 2016 provide the platform for dissemination of activities and outcomes of the two international project coordinating by the Faculty of Economics and Management SUA Nitra: TEMPUS project "Development of Public Accreditation of Agricultural programs in Russia (PACAgro) 2013-2016" (Project No. 543902-TEMPUS-1-2013-SK-TEMPUS-SMGR, co-funded by the Tempus Programme of the European Union) and Strategic partnership project "Food Quality and Consumer Studies (FOODCOST) 2014 - 2017" (Project No. 2014-1-SK01-KA203-000464, co-funded by the Erasmus+ Programme of the European Union within the Strategic Partnership frame).

I would like to take this opportunity to thanks all policy makers, academics, researchers, mangers and sponsors which accepted our invitation and became active member of the conference. My special thank belongs all of the people who made this conference successful and valuable experience for each and every one of us.

PLENARY SESSION: The agri-food value chain: Challenges for natural resources management and society

Economic aspects of the EU agricultural sector: new challenges both home and away
Bližkovský Petr ................................................................. 25

SESSION 1: Food security, trade and agricultural policy

Decision making analysis of cotton producers via Edinburgh scale
Cankurt Murat, Cobanoglu Ferit, Ozden Altug.................................................. 29

Priority directions of development of export agro-food productions of Ukraine
Dibrova Anatolii, Dibrova Larysa, Dibrova Maksym ............................................. 39

The state of rural women and their role at the achievement of food security
Jacková Silvia, Kadlecíková Mária, Košuda Jozef, Juríčková Zuzana........................ 47

Market trends of oilseeds production in Ukraine
Kuzmenko Sergii, Perederiy Nataliya, Labenko Oleksandr........................................ 54

The process of structural changes in Iberian Peninsula agriculture
Piecuch Jakub, Niewiadomski Michal........................................................................ 62

Foreign trade with agricultural products in the Slovak Republic
Smutka Šuboš, Rovný Patrik, Hambalková Mária...................................................... 68

Are agricultural subsidies causing more harm than good? Evidence from agricultural sector of Republic of Macedonia
Trendov Nikola, Olagunju Kehinde, Pesevski Mile..................................................... 75

The impact of Slovak entry into the EU on the selected indicators of wheat production in production areas
Urbánová Mária................................................................. 81

Cooperation of small farms in agriculture complex of the Republic of Kazakhstan
Yegizbayeva Gulnur ......................................................................................... 92

SESSION 2: Bioeconomy, resource management and sustainable development

Evaluation of the impact of labour costs development on grapevine production in the Slovak Republic through algorithms
Bajusová Zuzana, Svoradová Lucia, Dobák Dušan, Bajus Peter ................................. 102
**Price linkages between biodiesel and selected vegetable oils**  
Kapusta Jaroslav, Lajdová Zuzana .......................................................... 113

**Future possible uses of renewable energy in the V4 countries**  
Magda Róbert .......................................................................................... 123

**The sustainability of economic growth in agriculture of Russia as a result of incompleteness of institutional changes**  
Migunow Rishat Anatolyvich .................................................................. 129

**Economic weights as a tool for sustainable livestock farming**  
Michaličková Monika, Krupová Zuzana, Krupa Emil, Zavadilová Ludmila .......... 137

**Food security in the European countries**  
Palkovič Jozef, Fusková Martina ................................................................ 144

**Comparative analysis of Conventional and conservation agriculture**  
Pirmatov Khabibullo, Pulatov Alim, Horská Elena ....................................... 156

**Economic aspects of fresh apricot production in Turkey**  
Uçar Kubilay, Engindeniz Sait ................................................................. 163

**SESSION 3: The agri-food value chain analysis: economics, management and logistics**

**Agro-ecological modernization of agriculture for sustainable development**  
Boincean Boris .......................................................................................... 170

**Analysis of burn-out syndrome of top and middle management**  
Brúnaiová Zuzana, Šajbidorová Mária .......................................................... 176

**Estimating interaction between income and expenditures for food and non-alcoholic beverages in Slovakia**  
Hupková Daniela ...................................................................................... 185

**Impact of sanctions on agricultural policy in European Union and Russia**  
Kapsdorferová Zuzana, Sviridova Olga ....................................................... 190

**Application of net present value by the land purchase**  
Ladvenicová Jana, Miklovicová Silvia ........................................................ 201

**Cost management strategy for energy use in agriculture: EU Sample**  
Ozden Altug, Armagan Goksel .................................................................... 207

**The problems of winemaking in Poland: the case study of winemakers from Malopolska wine route**  
Pink Małgorzata, Ligenzowska Joanna ..................................................... 213
Management of human resources in agricultural sector enterprises
Šajbidorová Mária, Lušňáková Zuzana, Dobšová Mária ................................. 224

State support of dairy farming in Vologda region of Russia

Trembošová Miroslava, Dubcová Alena, Kramáreková Hilda ............ 836

Boomerang effect of a negative campaign – a case study from the market of beverages
Tiago Manuel ........................................................................ 850

SESSION 11: Market research, new technologies and interdisciplinary approaches - organized session within FOODCOST international workshop „Bridging traditions with novelties“

Time factor as one of the aspect that influences shopping in the food stores
Berčík Jakub, Paluchová Johana, Horská Elena ................................. 129

Trends in utilization of selected technologies in grocery stores
Nagyová Ľudmila, Berčík Jakub, Horská Elena ................................. 866

The influence of product placement in Czech movies and tv shows among generation Y
Slováčková Tereza, Souček Martin ........................................................................ 874
Qualitative evaluation of chosen online and offline communication means towards visitors of a selected city

Tluchôř Jan, Janeček Petr, Rymusová Martina

SESSION 12: Agricultural markets and institutions – organized session by the Association of Agricultural Economists in Slovakia

Infrastructure, institutions, and economic growth in transition countries: A dynamic panel data approach

Badalayan Gohar, Herzfeld Thomas, Rajčániová Miroslava

Factors affecting the food gap and the share of self-sufficiency of selected commodities: The case of Arab countries

Elbogghi Elham Giuma, Alawad Abdullah, Qineti Artan

Efficiency and productivity of the Slovak agricultural investment support beneficiaries

Hurrňáková Jaroslava, Bartová Ľubica, Fandel Peter

Leadership models in European retail industry

Hürter Michael, Lančarič Drahoslav, Pokrivčák Ján

Agriculture and economic development in Uzbekistan

Malikov Numonjon, Qineti Artan, Pulatov Alim

Impact of attention driven investments on agricultural commodity prices

Mišečka Tomáš, Pokrivčák Ján, Ciaian Pavel

Economic growth and its determinants across CEE countries

Pokrivčák Ján, Záhorský Tomáš

Demand for food diversity in the case of Kosovo

Qineti Artan, Braha Kushtrim, Cupák Andrej, Pokrivčák Ján

Selected aspects of talent management in companies in Slovakia

Savov Radovan, Lančarič Drahoslav, Paška Ľubomír, Rábek Tomáš

Applying Markowitz portfolio theory to measure the systematic risk in agriculture

Tóth Marián, Holúbek Ivan, Serenčéš Roman

Determinants of efficiency in agriculture in CEE countries

Záhorský Tomáš, Pokrivčák Ján

Decision support tool for replacement heifer management: a strategy comparison

Záhradník Miroslav, Pokrivčák Ján

Using decision support tool for dairy farm management to assess the economic impact of various feeding scenarios

Záhradník Miroslav, Pokrivčák Ján
SESSION 13: Doctoral session „Young science“

Good practice examples from a small settlement
Gerencsér Ilona................................................................. 149

Applied prosocial behavior of companies – social marketing
Hodinková Dana........................................................................ 150

Research of the impact of agricultural policies on the efficiency of farms
Kollár Bohuš, Sojková Zlata...................................................... 151

Organic food and its position in retail stores in Slovak Republic
Kubelaková Andrea, Košičiarová Ingrid ................................ 152

The development of small and medium-sized enterprises in Nitra region
Mráziková Kecskés Mária, Svitová Emília................................ 153

The use of HRV analysis in the marketing research
Rybanská Jana, Nagyová Ľudmila, Košičiarová Ingrida .............. 154

Quality in rural tourism services
Skálová Eva, Peruthová Astrida ............................................... 155

Land use optimization with respect to alternative costs of crop production choices
– case of Slovakia
Svetlanská Tatiana, Turčeková Natália.................................... 156

Implementation, development and evaluation of quality management system
in selected companies
Svitová Emília, Mráziková Kecskés Mária............................... 157

Environmental good practice to life with the help of renewable energy through
the example of some settlements
Szeberényi András .................................................................. 158

Marketing novelties in promoting traditional meals
Šimončič Peter ..................................................................... 159

A study of negotiation mechanism based on science of momentum
Zhang Shougang ..................................................................... 160
