## METODICKÉ VYSVETLIVKY

Publikácia Súpis plôch osiatych poľnohospodárskymi plodinami k 20. máju 2018 je zostavená z výsledkov spracovania výkazov Osev 3-01. Do spracovania boli zaradené registrované spravodajské jednotky s rastlinnou výrobou, ktoré obhospodarujú aspoň 1 ha poľnohospodárskej pôdy alebo 0,1 ha špeciálnych plodín.

Za registrované spravodajské jednotky s menšou výmerou a za záhumienkarov boli vypracované okresné sumárne výkazy na základe bilancovania ornej pôdy v okresoch. Štruktúra osevu na okresných sumárnych výkazoch bola určená na základe výsledkov Poľnohospodárskeho zisťovania fariem 2016.

Údaje v publikácii sú triedené podľa krajov a okresov a sú len za poľnohospodárstvo spolu. Poradie krajov a okresov je zachované podľa Číselníka územných jednotiek SR.

Odchýlky v súčtoch vznikajú zaokrúhľovaním údajov.

Štatistické symboly:

veľké D (D)      údaj nie je možné publikovať pre jeho dôverný charakter  
ležatá čiarka (-)      jav sa nevyskytoval
